

88 5217 95C Stainless Steel Top Kitchen Island

IMPORTANT NOTE

Carefully remove all the parts from the carton and put them individually on a soft cloth to prevent scratches or other damages occurring to the wood parts.

We have taken great care in the design of this product and request that you carefully and strictly follow our assembly instructions to ensure a completed product as it was designed.

Part List

Hardware List

Tools Required For Assembly : Phillips screwdriver

Assembly Instructions 2/4

IMPORTANT

Do not tighten up all the screws until each part is properly assembled. You should keep Hex Wrench in the safe place as you may need to tighten up the Head Cap Bolts in the future.

STEP 1

Turn the Side Frame (B) upside down on the soft material.

Attach the locking caster to the leg with ↑ sign, and the non-locking caster to the other leg.

Do the same for the Side Frame (C).

Non-Locking Caster

Locking Caster

STEP 2

Attach the Front Rail (D) and Back Rail (E) to the Side Frame (B).

STEP 3

Attach the Divider (F) and another Front Rail to the assembled unit.

STEP 4

Attach the Base (G) and Side Frame (C) to the assembled unit.

STEP 5

Attach the Side Bar (J) to the Side Frame (C).

See the "Arrow" on top

Cam Lock Screw

STEP 6

Put the Cam Lock Screws into the holes at the back of the Top (A). Place the Top (A) on the assembled unit. Place the Cam Locks into the holes of the Side Frame (B) and (C). Make sure the Arrow sign is on top. Tighten up all the Cam Locks to secure the Top with the body. Insert the Supporting Pins into both side frames at the desired level. Place Shelf (H) and slide the Drawers (I) into place.

STEP 7

Cover all holes with Wood Plugs

Supporting Pins

Supporting Pins

Drawer

Figure 2

Turn the assembled drawer over and slide the Plywood Bottom Part (I5) into the grooves of Side Parts (I3) and (I4). Be sure to push the plywood bottom part all the way forward, so it meets the Front Part (I1).

Insert the remaining 1/2" screws (6 pcs.) into the pre-drilled holes at the Bottom Part (I5), then tighten up all screws

Figure 1

Line up Side Parts (I3) and (I4) to the Front Part (I1) and Back Part (I2). Make sure the ↓ sign on each part is going down. Using a **Philips** screwdriver, insert 1" screws into each of the 4 pre-drilled holes on the sides (I3) and (I4), then tighten half way.

Figure 3

Assemble the Pull Handle to the Front Part (I1) with Machine Screw.

* If you are missing any of these parts, please contact our DMI Customer Service Department at 1-877-831-0319 or fax us at 1-800-755-2878.
