

Installation Sheet for 3616SN Pot Rack

1. Carefully unwrap all components and set aside.
2. Set down light assembly on table.
3. Slip the curved hanger straps over the screws at each end of the square tube and tighten with knurled cap nut. (see *photo A*)
4. Repeat step 3 for all curved straps.
5. Carefully set strap and down light assembly over pot rack frame with wire grid in place and position each curved strap to the holes in pot rack frame. (see *photo B*)
6. Tighten all cap-nuts with pliers and a cloth so as not to scratch finish.
